

COMING IN 2004...

Pacer photos by deLuxe, all other photos by Chad Hewitt for deLuxe Innovations

Born from a need to compete with 53' highway trailers, these largest-of-all intermodal containers are used exclusively for shipments within North America. These corrugated steel boxes, although heavier than 53' aluminum boxes, are less expensive to build and repair and last longer. The deLuxe innovations N scale models will be released in pairs with 2 different road numbers for each road name.

53' CORRUGATED CONTAINERS
